HomesintheUS.com effectively responds to a pronounced and heretofore unmet need. One that exists within every real estate town and community in North America. That is for each local community to become better understood, appreciated and in turn valued by present and future residents and merchants.

HomesIntheUS.com uniquely relates to the following unmistakable fact that the value of all real estate captured in the long standing axiom 'location location location' is forever linked

to the real and perceived value of the town or city where such real estate resides. To that end, **HomesIntheUS** websites uniquely address such a need.

Each and every real estate professional in North America must satisfy an enduring question that essentially each and every consumer either thinks or asks, "What makes you different?" **HomesIntheUS's** exclusive, geo-targeted and consumer-relevant websites add unmistakable differentiation for each of our members.
